CheckSure™ protects each check you write against fraud.

These safeguards make it harder for your checks to be altered or copied:

Colored Backgrounds

Will smear or distort if attempts are made to alter the check.

Backer Safety Screen

The backer contains a chemical wash warning box that will show discoloration if the check is chemically altered.

Thermochromic Keyhole Icon

Icon is heat sensitive and will disappear if pressed or breathed on.

Invisible Fluorescent Logo – First Class Laser Checks

Logo is visible under black light only.

Warning Band

Warning Band alerts the handler there are security features in the check.

These extra security features are FREE with every check order!

Important Information We recommend using a laser or ink jet printer when printing your forms

Statement

A comprehensive summary of a customer's account shows current charges and credit aging. A tear-off payment stub accompanies the payment check to assure proper credit. Available in long or short formats.

Invoice

Clear invoices include all the information needed to speed your payment. Available in long or short formats.

Short and to the Point

Save with our short formats. The 9½" x 7" form (8½" x 7" detached) has all the essentials of the long form, but it's designed for businesses needing only one or two items on a form.
